- Cost savings benefits achieved - reduced overhead, optimized processes thru standardization and automation, improved customer services in timeliness and quality, and more customer focused
- Although, located at Stennis Space Center, it is a **separate** NASA Center

NSSC – What's new?

- **Simplified Acquisitions Threshold (SAT) – The procurement of supplies or services that are over \$3K and less than \$150K.**

SAT Procurements being centralized to achieve the following:

- 1) Reduce administrative and overhead costs
 - 2) Standardize processes and procedures
 - 3) Expand and promote the presence of small businesses outside their geographic locations
 - 4) Allow NASA Centers Contracting Officers to focus on more complex procurements
